

Final Dismissal after Last Retention Visit

Dear _____,

It has been a pleasure treating (you/your child), and we'll miss seeing (you/them) in our office!!

I think (you/they) had a wonderful outcome for (your/their) orthodontic treatment, and that is due in no small part to (your/their) great cooperation and teamwork along the way!

This letter is just to notify you that after your last visit with us on (/ /), (your/your child's) treatment is complete, and our doctor-patient relationship has ended.

Of course, if anything arises in the future that concerns you about (your/your child's) orthodontic health, please don't hesitate to give us a call.

All this letter means is that we'll have the pleasure of treating (you/your child) again as a "new" patient!

We hope (you/your child) enjoy(s) (your/their) healthy smile for (your/their) lifetime!

Your best compliment to us is your recommendation to others that they seek orthodontic treatment from us—we love it when our former patients give us a good word with friends, family, and neighbors!

Again, thank you for seeking treatment with us!!

Sincerely,

Dr. _____
